CLAYTON, N. M.

Clayton, N. M.  
April 28, 1950.

Dear Editor:

Will try and write again to the Sentinel.

This is a beautiful spring morning, with the birds all hopping around full of life and singing their sweet song.

The farmers of this county are very busy. The ground is getting very dry, as we haven't had but a few sprinkles of rain since last Oct. It is most too dry to farm, but we go without moisture a long time here.

I read in the Sentinel of Ara Chaffin and Baugh Smith's wedding. I think Ara should have stayed single until I come back to see her.

My school closed last Friday night with a nice program. I was in two drills and two songs. I was promoted to the fifth grade. I took the prize in spelling.

I will give a short history of uncle Owen's folks. They have had lots of sickness this spring. Nellie was married February 10, to one of Clayton's best boys, George Rushnell. Little Velma died in March, aunt Lucy in April. Claude and Perry have gone to California, so uncle Owen, Hobert and Lillian are left to care for the two little ones.

I hope grandpa and grandma are having a fine time in Tenn. I would like to see a letter from some of my little cousins.  
Vila A. Chaffin.

## What Is The Matter With That Child?

When children grow pale and listless their blood may be weak.

### Pepto-Mangan Makes Red Blood.

Sold by druggists in liquid and tablet form--both the same in medicinal quality.

When your child loses color, acts and talks without spirit, and does not play like other children, act quickly.

If the condition is not a deep-seated disease but merely due to poor blood, give Pepto-Mangan. Gude's Pepto-Mangan is just the tonic for pale, thin children whose blood needs rebuilding. It is a pleasant-tasting, simple combination of exactly the ingredients that increase and enrich the blood.

Beneficial results show almost at once in brighter eyes, blooming cheeks, a sprightly step, and the whole system made more vigorous.

Pepto-Mangan is obtainable in liquid or tablet form, whichever proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and that is "Gude's." Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there, it is not Pepto-Mangan. —Advertisement.

## A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught, Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit. If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., unless something is done, serious trouble may result.

Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theodor's the original and genuine. R 78
